Mark & the HiFive Team,

"Thank You" doesn't even begin to describe the deep appreciation that I and all others associated with CityLink feel for how HiFive has blessed us.

From your incredible design work, to your constant professionalism, to your willingness to sacrifice timelines of other projects and work when necessary, to your commitment to always meet ever changing deadlines, to your flexibility when we've needed to change, to your inspiring creativity, to your ardent faith that this project will happen, to your passion to help those in poverty in our city... for all that and more, we thank you. You are a true partner in changing our city.

The best is yet to come!
